

8TH ANNUAL PINK BOOTS BLEND AVAILABLE NOW!

New this year, Yakima Chief Hops (YCH) partnered with women-owned farms within its network of growers to assist with the blend's creation. Jessica Riel of Double 'R' Farms, Reggie Brulotte of Brulotte Farms, and Erica Lorentz of Lakeside Ranches each hand-selected their favorite lots from the 2024 harvest, which the YCH sensory team used to expertly craft three unique blends for the Pink Boots Society membership to vote on. We're thrilled to offer this hop blend featuring woman-owned farms in support of The Pink Boots Society!

YCH will donate \$1 from each pound sold to the Pink Boots Society, supporting its mission to assist, inspire, and encourage women and non-binary individuals in the fermented/alcoholic beverage industry to advance their careers through professional development.

Brewers are encouraged to amplify their impact by registering for a Pink Boots Collaboration Brew. Collaboration Brew Days generate donations to local chapters, funding scholarships and opportunities within your brewing community. Learn more at pinkbootsociety.org.
